New Release: Thoosje Windows 7 Sidebar. 100% Free

Windows 7 style desktop enhancement for Windows Vista and XP.

We are proud to announce the new release of Thoosje Windows 7 Sidebar version 1.0. The successor of the well know Thoosje Vista Sidebar that has been downloaded over 10 million times the past 3 years.

Our Windows 7 sidebar for Microsoft Windows XP and Vista has gadgets like media players, Sticky's, Calculators, Google search, Yahoo search, and lots more search engines. It has also improved Windows 7 style gadgets like weather and system uptime and lots of more useful gadgets. The sidebar uses 50% less RAM and is faster than the original Microsoft Sidebar with more extras and works on Microsoft Windows Vista and XP.

And of course most important the Thoosje Windows 7 Sidebar stays absolutely 100% Free for everybody to use and distribute.
